

**WESGRO** *Presents:*

# The Pretty Convincing Guide

for anyone wanting to work remote in  
Cape Town and the Western Cape.

A man with a shaved head, wearing a dark blue suit jacket over a light-colored shirt, is sitting in a black folding chair. He is looking towards the camera with a slight smile. In the foreground, a black laptop is open, and a sticker on the lid reads "SKY'S THE LIMIT". The background shows a scenic view of a body of water, likely a lake or bay, with rocky hills and a clear sky. The overall scene suggests a professional working remotely in a beautiful, natural setting.

**If you can work from  
anywhere, why not work  
from *anywhere*?**

**SKY'S  
THE  
LIMIT**

# 30+ Co-working spaces

Your new office doesn't have to look like your old one.

Check out some options for your new Western Cape office.

# 715+ free wifi spots

With one of the largest open fibre networks in Africa, there are endless possibilities for remote work locations. And the Western Cape is considered one of the most energy-secure provinces in the country.

Did you know that Cape Town is often one load-shedding level lower than the rest of SA?

# More network. More work.

Join a well-developed community of local and international entrepreneurs & connect with like-minded people in co-working spaces, at events and in nature. More networking means more business.

# Be a part of Africa's Tech Capital.

The Cape Town-Stellenbosch tech corridor was declared one of the best connected by Endeavour Insights in the last few years.

It's a place with a world-class digital ecosystem, where resources and talent meet commercial and social opportunity.

# Widespread 4G and 5G coverage

**1,095 km** of fibre optic cable across Cape Town  
**1,051** public Wi-Fi access points  
makes doing businesses from anywhere in the city simple and efficient.

Google Equiano Cable will be landing in Cape Town. The Deep Sea cable will host 20 times more capacity, connecting South Africa to European data telecommunication infrastructure via Portugal.

# A sophisticated and **globally** -focused city

Cape Town is a world class city with the lowest unemployment rate in the country at 29%. Home to **50%** of SA emerging tech companies. & **450 – 500** tech firms that employ over **10,000** people.

# Home to leading industry Events + Communities

AfricArena, Africa Tech Festival, Africa Tech Week, AI Expo, South African Innovation Summit, Africa Early Stage Investor Summit.

# Ready for GreenTech

**78 climate focused manufacturing businesses** in renewable energy, electric vehicle and environmental sustainability.

Home to the Atlantis Special Economic Zone.

# Investing in innovation

**56% of VC transactions** concluded in SA  
companies are in CT.

**Highest proportion of VC firms** in the country at  
50%.

Home to globally leading innovations such as  
**SnapScan, Aerobotics, and SunExchange** and  
global investors such as **Amazon & Hisense**.

**Online when you need to.  
Offline when you don't.**

**It's pretty convincing**  
I mean just look at it!
